

2023 TRAILS MANITOBA GRANT PROGRAM

YEAR IN REVIEW

Treaty 1 (The Forks)

Treaty 1 (Friendship Trail)

TRAILS MB LAND ACKNOWLEDGEMENT

The trails in Manitoba are located on the original lands of the Anishinaabe, Cree, Oji-Cree, Assiniboine, Dakota and Dene Peoples, and the National homeland of the Red River Métis.

We respect the Treaties that were made on these territories, we acknowledge the harms and mistakes of the past, and we dedicate ourselves to move forward in partnership with Indigenous communities in a spirit of reconciliation and collaboration.

We encourage all trail users to learn more about the land that they are travelling on.

Treaty 2 (RSTA)

FUNDERS / PARTNERS

Trails Manitoba is proud to partner with the Province of Manitoba and The Winnipeg Foundation by offering two recreational trail grants: *Trails Grant for Manitoba* and *Trails Grant for Winnipeg*. These two grant programs represent an investment of \$9 million from the Province of Manitoba, for the development and enhancement of recreational trails throughout Manitoba. These grants assist in making recreational trails attractive and inclusive destinations for Manitobans and visitors alike, in celebration of the peoples, communities, and landscapes that this province has to offer.

TRAILS GRANT STREAMS

TRAILS GRANT FOR MANITOBA

MB Trails Improvement Endowment Fund
MB Trails Improvement Fund (Rural)

1. TRAILS GRANT FOR MANITOBA

The funds for the *Trails Grant for Manitoba* derive from interest from a \$4M endowment, with total annual disbursements estimated between \$180,000 to \$240,000. While this specific funding and grant program will continue in perpetuity, an additional \$2.5M provided by the Province of Manitoba (estimated allocation of \$600,000 per year) has been allocated to the program until 2025. Approved projects are expected to be completed within 2 years. This grant is intended for trail associations, municipalities, or other not-for-profit groups, that have the means to provide continued stewardship of trails. Grant applications solely for trail maintenance may receive greater flexibility with regards to matching requirements. Maintenance Grants will be prioritized based on location (rural vs. urban) and available support (i.e. city-based funding for trail maintenance).

TRAILS GRANT FOR WINNIPEG

MB Trails Strategic Fund

2. TRAILS GRANT FOR WINNIPEG

The *Trails Grant for Winnipeg* is an annual grant with an estimated allocation of \$500,000 per year. \$2.5M provided by the Province of Manitoba has been allocated to the program until 2025. This grant is largely intended for trail associations, the City of Winnipeg, or other not-for-profit groups, that have the means to provide continued stewardship. Approved projects are expected to be completed within 2 years.

Treaty 3 (Caddy Lake)

A winter landscape with snow-covered ground and bare trees, framed by a white text box. The scene is captured from a low angle, looking through a dense network of bare, snow-laden branches in the foreground. In the background, a snow-covered path or clearing leads towards a line of evergreen trees under a clear blue sky. A bright sun is visible in the upper right corner, creating a lens flare effect. The overall atmosphere is bright and crisp, typical of a clear winter day.

2023 marked another remarkable chapter for recreational trails in Manitoba. To the countless volunteers and the trails community at large, we are profoundly grateful for your unwavering dedication and boundless enthusiasm. Your tireless efforts have undeniably contributed to the resounding success of this year. As our trails network continues to expand, it not only connects Manitobans but also serves as dedicated spaces for recreation, fostering improved health and wellness for all. Together, let's keep blazing trails and inspiring positive change in our communities.
